WELCOME ABOARD

Norwegian Cruise Line is pleased to provide the best entertainment at sea. We offer a variety of entertainment options, from Broadway shows and variety acts to dancing and in-stateroom television entertainment.

Our daily scheduled programming includes CNN, ESPN Domestic and International, feature movies, port information programs and a wide variety of additional stateroom entertainment. This directory also provides channel listings and scheduled presentations.

Please note that CNN, ESPN Domestic and International and local network programming is received via satellite and we may experience brief moments of signal loss due to movement of the vessel. In most cases, the satellite signal will return momentarily. Also, some major sporting events may not be available due to blackout and broadcast rights restrictions.

Should you have any questions or experience any difficulties with your stateroom television, please contact the Reception Desk.
